REMEMBER:

PLEASE WALK AGAINST the TRAFFIC!!!! THIS IS FOR YOUR SAFETY.

I do understand in the city you have sidewalks and it doesn't really matter, but in the country we **must ask** that you abide by the "rules of the road". **BIKE WITH** traffic (ditch to your right). **MAKE SURE** your dog is always on the "ditch" side of you and **NOT** on the road side.

*I'd like to thank those of you who are walking with your pets away from the road. For those of you I've seen with your pet on the car side of the road, **MAKE THE SWITCH**. If your dog darts toward traffic, you're not in the way to intervene. **The outcome of that is obvious**. Love your pets enough to keep them safe.*

**NOTE: PLEASE REMEMBER THE STATE, COUNTY AND TOWN LEASH LAWS
YOUR DOG MUST BE ON A LEASH FOR THEIR SAFETY & THE SAFETY OF OTHERS**

HAVE A GREAT SUMMER!!!!!!!!!!!!

INDEPENDENCE DAY - GOD BLESS AMERICA

Also called the Fourth of July, Independence Day marks the historic date in 1776 when the Declaration of Independence was approved by the Continental Congress. The written declaration stated that the American colonies were tired of being ruled by Great Britain. They wanted to become their own country.

A GROWING ANGER

Before the declaration, America was part of the Kingdom of Great Britain (now called the United Kingdom). In the 1600s, people came from Great Britain to settle in what is now North America. Between 1607 and 1732, the British founded 13 colonies: Virginia, New York, Massachusetts, Maryland, Rhode Island, Connecticut, New Hampshire, Delaware, North Carolina, South Carolina, New Jersey, Pennsylvania, and Georgia.

As these colonies grew, the people who lived there thought the British government treated them unfairly. For instance, they had to pay taxes on items such as tea and allow British soldiers to stay in their homes. The colonists had to follow these laws but couldn't do anything to change them. The colonists rebelled. As a result, the Revolutionary War between the colonists and Great Britain began in 1775.

Fighting wasn't enough though. The colonists decided they needed to declare their independence in writing to explain their reasons and gain support from other countries like France. On July 4, 1776, a small group of representatives from the colonies—called the Continental Congress—adopted the Declaration of Independence.

WHAT WERE THE UNITED STATES CALLED BEFORE JULY 4TH, 1776?

"THE UNITED COLONIES"

The President of the Continental Congress, Richard Henry Lee, wrote in a June 7, 1776 resolution: "These United Colonies are, and of right, ought to be, free and independent States." Before 1776, names for the colonies varied significantly; they included "Twelve United English Colonies of North America."

INDEPENDENCE DAY - GOD BLESS AMERICA

DECLARING INDEPENDENCE

The Continental Congress signs the Declaration of Independence.

Written by a committee led by Thomas Jefferson, the document was signed by people from all 13 colonies. But the British government didn't accept it. So the colonists continued to fight for independence until they finally defeated Great Britain in 1783.

A bronze statue of Thomas Jefferson stands at a memorial in Washington, D.C.

The Declaration of Independence, now housed at the National Archives in Washington, D.C., is recognized around the world as an important message of self-governance and human rights. The second sentence says it all: that all people are created equally and have rights that include life, liberty, and the pursuit of happiness. (Fun fact: Jefferson, who would become the third U.S. president, wrote that sentence!)

Today the United States and Great Britain are friends. Most Americans still celebrate Independence Day, often with parades and fireworks. Historians think this is thanks to a letter written by John Adams, who helped write the declaration and would also go on to be the second U.S. president. In his letter to his wife, Abigail, Adams predicted that the colonists' independence would be celebrated by future generations as an annual festival with parades and bonfires.

INDEPENDENCE DAY GOD BLESS AMERICA

"THE STAR-SPANGLED BANNER"

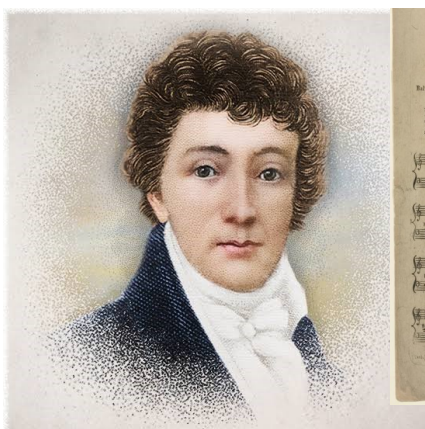

Complete **Star Spangled Banner** showing spelling and punctuation from Francis Scott Key's manuscript in the Maryland Historical Society collection.

O say can you see, by the dawn's early light,
What so proudly we hail'd at the twilight's last gleaming,
Whose broad stripes and bright stars through the perilous fight
O'er the ramparts we watch'd were so gallantly streaming?
And the rocket's red glare, the bomb bursting in air,
Gave proof through the night that our flag was still there,
O say does that star-spangled banner yet wave O'er the land of the free and the home of the brave?

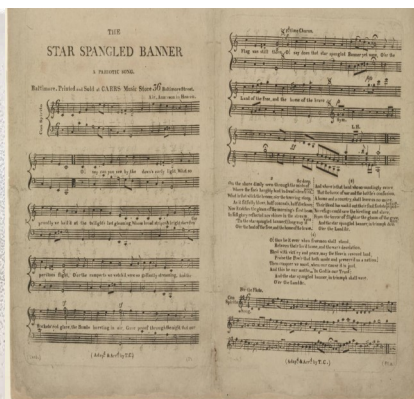

On the shore dimly seen through the mists of the deep
Where the foe's haughty host in dread silence reposes,
What is that which the breeze, o'er the towering steep,
As it fitfully blows, half conceals, half discloses?
Now it catches the gleam of the morning's first beam,
In full glory reflected now shines in the stream,
'Tis the star-spangled banner - O long may it wave
O'er the land of the free and the home of the brave!

And where is that band who so vauntingly swore,
That the havoc of war and the battle's confusion
A home and a Country should leave us no more?
Their blood has wash'd out their foul footsteps' pollution.
No refuge could save the hireling and slave
From the terror of flight or the gloom of the grave,
And the star-spangled banner in triumph doth wave
O'er the land of the free and the home of the brave.

O thus be it ever when freemen shall stand
Between their lov'd home and the war's desolation!
Blest with vict'ry and peace may the heav'n rescued land
Praise the power that hath made and preserv'd us a nation!
Then conquer we must, when our cause it is just,
And this be our motto - "In God is our trust,"
And the star-spangled banner in triumph shall wave
O'er the land of the free and the home of the brave.

FRANCIS SCOTT KEY

Grand Old Union Flag 1775

According to legend, one day in 1775, General Washington approached Rebecca Flower Young, a Philadelphia pennant and colors maker, and asked her to make a flag for use by the troops.

“LEGION TRIANGLE” Veterans Memorial Dedication Ceremony

There will be a Dedication Ceremony on Saturday, July 19th for American Legion Stokes-Liebman Post 487’s “Legion Triangle” Veterans Memorial on County M just a few blocks from downtown Cable, WI at 11:00am. We invite all donors of this project, veterans and their families, and our surrounding community members to be a part of this special event! We appreciate your understanding that donors will not be notified individually so please pass the word. Military attire is welcome.

We are excited for everyone to visit the Post 487’s “Legion Triangle” Veterans Memorial-a place to honor and remember our veterans that are no longer with us. We thank every single person, business and organization who donated financially/their time/equipment and to those that volunteered.

If you’re attending this event, please use the municipal parking lot as Reynolds St. and Randysek Rd. from County M to Jenkins Rd. will be closed which will be from 10:30am to approximately Noon.

Following the dedication, Post 487 invites you to come to the American Legion Stokes-Liebman Post 487 that is 1 mile east of Cable on Cty M for food and beverages following the dedication. If there’s inclement weather, the ceremony will be at Post 487. If you have any questions, please contact Gary at: 715-580-0683.

REMEMBER, IF YOU HAVE MORE THAN YOU NEED, BUILD A LONGER TABLE, NOT A HIGHER FENCE.

Last fall the Mission Committee of the Barnes Community Church began a new local outreach program in the Barnes community. The Ramp Lending Program is designed to provide the use of an accessibility ramp to individuals who have a temporary need for a ramp. Temporary is considered to be 5 months or less with a possible extension. The program will provide borrower's time to determine a permanent solution to their situation (healing, building a permanent ramp, relocation, etc.). In addition to the BCC congregation, the program is available to residents of Barnes and those within five miles of Barnes.

Like giant Legos, the aluminum sections are modular and can be fitted to different configurations. Helping to navigate one or many steps, they are equipped with two sets of handrails and have a carrying capacity of 1,000 pounds. Potential sites will be evaluated on feasibility. No fee is charged for participation, and BCC members will assemble the ramp. A signed waiver is required.

Ramps have been installed on two sites where residents were recovering from surgery.

For information and an application form, contact the Barnes Community Church at: 715-795-2195

FLOWER AND LIL' STINKER ARE BACK !!

By: Sally Pease

My dad, Dave Pease, was walking one evening in late February/early March between Pease Resort and his house.

When he saw an animal come up over the snowbank and start walking down the road towards him. He at first thought it was our cat, only to find out it was skunk. He stayed calm and talked to it and it just looked at him then went on its way.

A few months later he was to have hip surgery, when my nephew decided grandpa Dave needed a stuffed toy as hugging them makes you feel better when you are sick.

He sent my Dad "Flower the Skunk", named after the skunk in the Bambi movie.

In memory of my Dad who was a docent at the museum. We post pictures on Facebook of the exhibit Flower & Lil Stinker are interest in.

Also, it encourages people to stop at museum to find where they might be hiding.

Thank you Sally for sharing this great memory.

Barnes Area Historical Association, Inc.

Barnes, WI 54873

Barnes Area Historical Association, Inc. (BAHA) was established in 2005 by area citizens who are dedicated to preserving the history of the Barnes Area through education and preservation.

The Barnes area consists of the Town of Barnes and includes the areas of: Brule, Cable, Drummond, Gordon, Hayward, Highland, Iron River and Solon Springs.

The BAHA monthly board meetings are usually held on the third Thursday of the month at 9:00AM in Barnes at the VFW Hall on Lake Road. All BAHA members are encouraged to come to these meetings and participate in the discussions.

Our first and foremost project will be to continue to plan for our history center.

The Annual Meeting is held on the third Thursday in October of each year at the VFW Hall.

We have our 501 (c) (3) number and are a valid non-profit organization.

Any donations made to BAHA are tax deductible.

We invite everyone to join BAHA and participate in our projects. Members do not need to be current or former residents of Barnes.

Whether it's a gift for YOU...or a gift for OTHERS...you're sure to find the perfect choice! Come and Explore!

Here's a peek at some of what you'll find when you visit!

BARNES AREA HISTORICAL ASSOCIATION NEWS

As the renovation of the Pease One-Room Schoolhouse keeps moving ahead, we continue to search for early schoolhouse items to complete our "replica early 1900s classroom room" within a portion of the building. Artifacts related to all of Barnes' early schoolhouses will be displayed throughout the building, along with historical documents, photographs, collected memories, etc. Our hope is to educate and inspire an understanding of what "life within these schools" was like for students, teachers, and community members.

**** If you have any items that might be in need of a "new home", please let me know. They will be warmly welcomed into our schoolhouse and greatly appreciated! I will happily arrange to pick up any items and cover any costs that might be involved. If you have any relevant items that are not on our list, please let me know. I'd be interested in learning more about them!**

Updated list of Items being sought for the Pease One-Room School:

- Early US Flag [for wall mount with pole]
- Hand-held slate boards; Erasers & box of chalk
- Organ stool
- Old textbooks – K-8 grade levels [pre-1940]
- Kerosene lamps [wall-mounted style and hanging style]
- Water dispenser [5 gal. pottery with spigot or similar]
- Table model, battery-powered Radio [for "School On the Air" programs]
- Lunch buckets, pails, boxes
- Globe [pre-40s would be interesting - we have one dated to the 70s]
- Cursive writing scroll and other classroom teaching resources
- Small teacher's desk or table
- Two full body mannequins: one adult female [for the schoolhouse teacher; one elementary age child/student]
- Early 1900s garments [dress for the teacher; daily school clothing/wear for a young girl or boy. Written "memories" Yours, or stories from your parents, your grandparents of "The One-Room School house Days"...as a student, as a teacher; traveling to school; recess games; rules & responsibilities; favorite subjects, etc.

Thanks for your help!

Clean Boats and Clean Waters Training And Aquatic Invasive Species Plant ID

The Town of Barnes will be hosting information and training sessions on Friday April 25, 2025, from 9:00 AM to 12:00 PM at the Barnes Town Hall, 3360 County Hwy N, Barnes WI.

Andy Teal, Bayfield County AIS Coordinator will focus on Clean Boats Clean Waters training, along with Aquatic Invasive Species and other plant identification.

The Clean Boats Clean Waters program educates watercraft users and the public about aquatic invasive species and tools to prevent the spread of invasive plants.

There will also be a session on the Stop Spiny Campaign. Spiny Water Fleas disrupt the food web and may lead to a drop in walleye population.

Please come and see what it is all about!

OBITUARIES: Remembering Loved Ones Lost

DANIEL JAMES DRINKWINE

August 28, 1964 to January 29, 2025

Daniel James Drinkwine, 71, passed away on June 7, 2025 at St Mary's Medical Center in Duluth, MN. He was surrounded by family and friends, following a recent cancer diagnosis and complications from pneumonia. He was born the son of Doris (Dodd) and Walter Drinkwine on December 8, 1953 in Superior, WI.

Dan graduated from Superior Senior High School and had additional education at Wisconsin Indianhead Technical College. He served his country honorably in the US Army. Many may remember him as owner/operator of Danny's Laker Lounge, a well-known supper club in its day in Barnes, WI. He was head cook with the Key Lakes/Great Lakes Fleet until his retirement after 20 years of service.

Dan served as President of the Eau Claire Lakes Business Association, belonged to the Barnes Lions Club, and was on the Board of Directors of the Wisconsin Restaurant Association, Vacationland Chapter.

He loved to cook and entertain, providing delicious meals for family and friends. He took great pride in his home and enjoyed creating and maintaining flower gardens to delight the eye. He researched his French-Canadian Drinkwine genealogy to the point he published a book full of family history, including pictures, birth and death certificates and other bits of history that he discovered. He also had a passion for travel including trips to Puerto Vallarta, Hawaii, Chichen Itza and Germany. Above all, Dan was a family man. He loved being a grandpa and worked at spoiling his grandkids. He was always willing to lend a helping hand to family and friends.

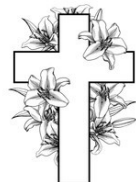

Dan is survived by his husband, Thomas Burd; daughter, Angela (John) Drinkwine; grandchildren: Isaac, Adam, Wyatt, and Cecelia; brother, Jack (Sue) Drinkwine; niece, Kate; nephew, Adam and numerous cousins and friends.

Visitation begins 3:00 PM Sunday June 22, 2025 at Downs-LeSage Funeral Home, 1304 Hammond Avenue in Superior, and continues until the 4:00 PM Memorial Service with Pastor Victor St. George officiating. Please wear bright colors, Hawaiian or floral prints if able.

Burial will be on Tuesday, June 24th at 11 AM at Barnes Memorial Cemetery.

To leave a condolence or sign the guestbook, please visit www.downs-lesage.com.

To plant Memorial Trees in memory of Dan, please visit Sympathy store at downs-lesage.com

And you were ALWAYS welcome!

In the Barnes Notes and News April 2018 issue we showcased Danny's Laker Lounge providing history and fun facts. In honor of Danny, I am including that article in the following pages .

Rest In Peace dear friend! You employed many locals and summer help and always welcomed everyone in the door.

We can never repay you or thank you enough for
your service and sacrifices.**

OBITUARIES: Daniel James Drinkwine

APRIL REMINISCING - The Windsor; Marie's Laker Lounge, Danny's Laker Lounge; The Swiss Chalet; The Country Store and what's thought to be the original town hall.

As most of you know, the Windsor has had many faces over the years. When I sat with the various owners to gather stories I was reminded of customers names I'd not heard of in decades! Growing up here, I knew most of them, but the years erased so many and unfortunately, we have lost most of them. I hope you enjoy reminiscing about when you last visited this building and who owned it at that particular time.

The BEGINNING:

The building which is now known as the Windsor, carries a couple of theories. One, it's believed to have been the first town hall built in 1906. At that time, it was located at the junction of Barnes Road and Ellison Lake Road. Around 1932 Stanley Barnes and his wife Gretchen purchased the property. There were several buildings, but that particular building would be used as a tavern/pool hall, with gas and a store. I'm told that there is a sign at the old location "marking the spot." You can still see the original foundation. Stanley and Gretchen would eventually serve hamburgers, malts, etc.

Next, "THE COUNTRY STORE": Stanley and Gretchen Barnes

In the early 1950's, Gretchen and Stan would decide to move the building from Barnes Road and Ellision Lake Road to where it stands today at Lake Road and Outlet Bay Road. They would name it The Country Store.

It was a smaller building at the time and I'm told the whole town turned out to see the move. Once moved, it took some time to get it squared away, but would still be run as a tavern, with gas pumps out front.

The store would be started at the new location roughly three years after the move. From the time they opened the store people from Superior and Duluth would come down for Gretchen's "beef burgers." She was an artist and drew a picture of a bull with a ring in its mouth just "snortin", and printed the words "our burgers are all beef, and that's no bull." They also had chili and soup. It also served as a residence as it had at the old location.

There was no plumbing in the building until it was moved to Lake Road and Outlet Bay Road.

In 1959/1960 Stan and Gretchen sold the business to Herman and Trudy Dittmer and "The Country Store" would soon be know as "The Swiss Chalet"

Then on to "The Swiss Chalet" - Herman & Trudy Dittmer

In gathering information for the Swiss Chalet, it was so great to catch up with Herman and Trudy's daughter Irene Drallmier. Trudy and Herman came to the U.S. from Switzerland in 1947 through Ellis Island, with daughter Irene, an Uncle and his wife.

I wasn't old enough to ever visit the Swiss Chalet when the Dittmer's owned it, but growing up just down the road I had plenty of time with the family. Herman and Trudy purchased "The Country Store" from Stanley and Gretchen Barnes in 1959/1960, continuing it as a store for a short time. By 1963 it was in full swing as the "Swiss Chalet". Herman and Trudy moved to Barnes from Verona, WI to start the supper club. Herman had been a contractor by trade so was quite handy with what needed to be done.

Trudy and Jean Barker cooked together and when Herman decided bartending really wasn't his thing, Trudy then tended bar and Jean would take over the cooking.

Irene and her brother Fritz worked the restaurant for a short time, and within a few years, Fritz would decide he had other plans.

So much history, and so little space.

Thanks to Peggy "RJ" (Pease) McCaughn for the copies of the menus. What treasured items. The below pages were found in an "Old Style" Promo generic menu fold-over.

And again.... "The Swiss Chalet" - Ron and Natalie Place

Place's Swiss Chalet was owned and operated by Ron and Natalie Place and children: Susan, Sara and Billy. The family moved to Barnes from Rockford, IL. Natalie handled the kitchen and Ron served as bartender. The kids filled in the blanks and helped out wherever they were needed. After leaving the supper club business, the Places built a home on Wallman Road and continued to be a part of the Barnes community. Ron was an avid euchre and pool player and Natalie helped to establish the Barnes EMS program, and was one of our first EMTs. The kids graduated from Drummond High School and currently live in cities around the Midwest.

and Next: "DANNY'S LAKER LOUNGE"

The picture to the right and the article below are as old as when Dan Drinkwine owned the business. A few of us gathered in March to catch up on old stories (goodness gracious the stories! and look at pictures from days gone by. So many locals enjoyed time spent with Danny, his mom & dad Walt and Doris Drinkwine, as well as seasonal folks, the list goes on forever. So many of us who grew up here and would be here during the summer worked at Danny's. I didn't have the pleasure until the summer I graduated high school, but we could have a reunion of workers and fill up the whole place.

The attractively decorated and well-maintained Barnes restaurant, Danny's Laker Lounge, has an interesting history.

Danny's Laker Lounge: A Reflection of Hard Work and High Standards

"Unbelievable," exclaimed a friend of mine from the Twin Cities. "We drive for miles—no cars, a few buildings—and all of a sudden we're at this place, searching for a parking spot!"

One of several and one of the friend's cars outside. Lounge was

"My objective was to keep the quality of the food at the highest," said the owner of the restaurant, talking when I stopped further into the success.

Dan, who does the cooking, says the

Naming his business Danny's Laker Lounge, young proprietor soon added a personal touch to the place.

Danny's objective was to keep the quality of the food at the highest." He did all his own cooking, purchasing the highest quality of meat and other products which were a major factor in his ability to achieve that objective. At age 10, Dan went to work for Herman and Trudy Dittmer, owners of the Swiss Chalet. He washed dishes, worked as a bus boy, and helped make salads.

When he was 12 he began doing some fry cooking for the Dittmer's in addition to the chores he was already doing. Dan attended cooking school in 1972-73 at WITI in Ashland. During that time, he gained on the job training at the Frontier Supper Club.

After serving in the Army for 3 years, Dan began looking for a restaurant to purchase. He decided he liked Barnes and wanted to stay there. In 1976, Dan's dream came true and he greeted customers in the building in which he had gotten his first taste of restaurant work.

Naming his business "Danny's Laker Lounge" his personal touch came soon after. Part of the building was the Barnes Tavern, thought to be the original town hall.

Dan's parents played a huge part in supporting him and his new adventure. His mother, Doris Drinkwine, tended bar for about 4 years. Dan's dad, Walt Drinkwine, built the bars, both front and back, the cooler and the salad bar.

Sitting with Dan, he recalled the storm of the 4th of July, 1983 when the restaurant lost power. While trying to keep going, Danny and crew hung lanterns and after, the customers noted that they "had no idea the power was out." Dan served 250 customers that night, with no power!!

Dan would cater bowling banquet and Christmas parties, would also showcase his specialties of delicious ribs, steaks and seafood. Take a look at the prices back in the 1970's compared to the prices in the 1980's. What a difference between places today. Can you imagine getting a thick steak with all the fixins' for \$5 or \$10 now? WOW.

Dan served as President of the Eau Claire Lakes Business Association, belonged to the Barnes Lions Club, and was on the Board of Directors of the Wisconsin Restaurant Association, Vacationland Chapter.

We take pride in our friendly service, our excellent food and our many satisfied customers!

If, for any reason, you are not completely satisfied with our service or the quality of your meal, please let us know. We will do our utmost to correct any inconvenience.

On to: MARIE'S LAKER LOUNGE - I never had the chance to experience the restaurant when Ron and Marie Feirtag had the restaurant. They purchased the building in 1993 and right away started renovating and updating the building to make it their own. By December of 1993, they were ready to open their doors.

They painted the building white and then soon would add the new siding. Marie mentioned "Ron thought the place had potential" and it definitely paid off.

Marie remembered a lot of laughs and meeting new people from all walks of life making their lives very interesting. As with previous owners, many would come from afar. They made a lot of good friends over 15 years, but decided it was time to move on and sold the business in 2008.

OBITUARIES: Remembering Our Loved Ones

ADELINE M. PEARSON

June 16, 1932 to June 20, 2025

Adeline M. Pearson and her twin sister were born at home in Polk County to Homer and Bertha (Stueberl) Pearson on June 16, 1932.

At the age of 3, their home burned down and they moved to Almena, WI – Clinton Township. She attended an elementary school, Hay River Valley, for 8 years and then graduated from Barron High School, followed by St. Joseph's School of Nursing in Marshfield, WI, as a registered nurse.

She moved to Madison, WI, working at St. Mary's Hospital. She did some private duty nursing and spent time at a Methodist Hospital. For several years she worked with the American Red Cross Blood Mobile. While in Madison, she enjoyed watching the Milwaukee Braves and Badger football.

For a short time, she moved to Ashland, WI, and worked for St. Joseph's Hospital. Then on June 24, 1961, she married John Hanson of Grand View. They moved to Midland, MI. Doing some private duty nursing at Midland Memorial Hospital and Town & Country Nursing Home. All of her six children were born in Midland, MI. They moved back to Grand View, WI, in 1975. She was the township health officer and worked at the county nursing home, then transferred to Washburn to be a Bayfield County nurse. When health problems arose, she worked part-time as a township employee. Adeline was a member of St. Ann's Catholic Church of Cable, WI. She enjoyed following her children in their various school activities and was proud of their accomplishments. She was a fan of the Green Bay Packers.

She was a frequent volunteer for community events, sang gospel songs with her sister at local churches, nursing homes, and many other gatherings. Social interests included making maple syrup, cutting firewood, gardening, collecting night crawlers, and making Christmas wreaths. She was a freelance writer, having several of her manuscripts published.

She is survived by her children: Ann (William) Shepard, Frank (Barbara) Hanson, Mathew (Catherine) Hanson, Mary Hanson, Barton (Jenifer) Hanson, and Dean Hanson; eight grandchildren and 5 great-grandchildren; many nieces, nephews, and cousins. As well as sister Ramona Kern. She is preceded in death by her husband John after 56 years together, sisters Patricia Pritzl and Caroline Harris, brother Chester Pearson, infant grandson, and parents.

She leaves this request: "LOVE ONE ANOTHER AS I HAVE LOVED YOU!"

JOHN ROBERT MOTT

John Robert Mott, 78, of Apple Valley, Minnesota passed away peacefully on Friday, May 9, 2025 at the Minnesota Veterans Home. He was born in Tomahawk, Wisconsin. After high school, John served in the US Army (1965-1968) with a tour in Vietnam.

After completion of his service, he obtained a bachelor's degree in Physical Education, from the University of Wisconsin, Oshkosh. John continued to work in this field until September of 1977, when he accepted his dream job as a State Trooper with the Minnesota State Patrol (MSP). "When you're in a fix, call 176". During his 25 years with the MSP, John had several specialties.

His main passion was traffic speed, authoring the MSP Radar Manual. The first part of his career he worked the metro area, followed by the Faribault/Owatonna area. John ended his career with the MSP in the "Arrive Alive" program, helping youth make better decisions about drinking and driving. After retiring, John worked part-time for the State of Minnesota providing security for the legislature. John was able to pursue his love of travel during his employment with Semester at Sea. He was the conductor on long voyages or the pianist in the piano lounge for the shorter enrichment voyages.

In the summer of 1972, John taught swimming. One of his co-workers/friends would become his wife of 49 years. He married Missy in 1976. They raised three kids, Steph, Jill and JB. He lived in Apple Valley until moving to the Minnesota Veterans Home in 2022.

John was a man of many talents and interests. He tuned and repaired pianos, performed card tricks, loved most sports (GO PACK GO), cabin time, musky fishing, bare footing, and most of all spending time with his family.

John is survived by wife, Missy and his children, Steph, Jill and JB (Cassie). He has two granddaughters, Sophie and Piper, a sister Jennifer Decker (Bob), brothers-in-law, John Foss (Nanc), Rand Foss (Di), and several nieces and nephews.

A Celebration of Life was held Sunday, June 1, 2025 at the American Legion, 14521 Granada Avenue, Apple Valley, MN 55124. A private inurnment at Fort Snelling and Barnes, WI will be held at a later time. **A heartfelt THANK YOU to the staff of the Minnesota Veterans Home in Minneapolis for the outstanding care they provided. Our family is truly grateful.**

WILLA G. "BILLIE" SPEARS

April 16, 1927 to May 26, 2025

Willa "Billie" Spears, 98 of Drummond, WI passed away peacefully on May 26, 2025 in St. Cloud, Florida. Willa, the youngest daughter of four siblings, was born on April 16, 1927 in Berkeley, IL to William and Ellen (Costigan) Ernst. Willa was raised in the Chicago suburbs and attended Proviso High School. Her senior year she transferred and graduated from Drummond High School when her parents relocated to Grand View, WI to operate the Trapper's Lake Tavern. Willa attended one year of County Normal College before marrying.

Willa was joined in marriage on July 16, 1946 to Herbert "Glenn" Spears at Trapper's Lake. Willa was an avid homemaker and together they moved across country several times early on in Glenn's career with the US Navy. Together they raised four children, Glenna Spears of St. Cloud, FL; Kathy Paulson of Sheboygan Falls, WI; Lori (Joe) Laberee of Cable, WI and Wade (Mary Ann) Spears of Drummond, WI.

Following Glenn's retirement they returned to northern Wisconsin to continue raising their family. Willa and Glenn ran Sweden Tavern, owned and operated the Leinenkugel's distributorship and managed Twin/Perch Lakes and Wanoka Campgrounds for many years. Willa and Glenn enjoyed traveling and after retirement joined their daughter in Florida during the winter months. Willa was instrumental in initial fundraising efforts that began the Great Divide Ambulance, a founding member of the Drummond Sno-Jacks as well as the Drummond School PTA.

Willa is survived by her four children; grandchildren Eric, Nicole, Rachael and Adam; five great grandchildren; four great-great grandchildren; sister in laws Ellen Nelson and Bev Ernst as well as many nieces, nephews and cousins. Willa was preceded in death by her husband of 69 years, son in law Joe, her parents and siblings.

A celebration of life will be held on Sunday, July 6, 11AM-3PM at the Drummond Town Hall.

JAMES (JIM) H. JENKINS

October 9, 1946 to June 5, 2025

James (Jim) H. Jenkins of Cable, WI, died June 5th, 2025 at St. Mary's Medical Center in Duluth, MN. Jim was born in Chicago Heights, Illinois on October 9th, 1946 to Rev. Joseph Jenkins and Lois (Stapley) Jenkins. His family moved to Cable in 1950 when his father took over as pastor of the Cable Congregational United Church of Christ (UCC).

Jim graduated from Cable High School in 1964 and entered the U.S. Army that fall where he served in Germany and Vietnam. He served with the 173rd AHC (Home of the Robin Hoods) at Lai Khe, Vietnam, and was honorably discharged in 1967. One of the Huey helicopters from that company was on display at the Smithsonian Institution in Washington, D.C for many years.

Jim attended Northland College in Ashland, WI and obtained his B.S. in Natural Science from UW-Stevens Point in 1973. Jim loved his wife Marilyn, son Eric, and daughter Emily. He cherished his family, his friends, and the entire Cable community. Jim was a building contractor for many years in the area and was named by the Northland Area Builders Association as Builder of the Year in 1995.

Jim gave generously of his time and talents to the community for many years, serving on the Fire Department, the Great Divide Ambulance as an EMT, Town Board Chairman and Side Board, and with the UCC in a variety of capacities. In retirement Jim stayed active; fishing in Florida, golfing in Cable area, trips to the Grand Canyon and Yellowstone National Parks and following the Band of Brothers from WWII in Europe. He continued to help family and friends and the Cable community.

Jim was preceded in death by his parents Joseph and Lois Jenkins; brother David Jenkins; sister Janet Jenkins and nephew Paul Christopher Jenkins.

Surviving Jim is his wife of 53 years Marilyn Jenkins of Cable, son Eric (Allyson) Jenkins of Woodbridge, VA, daughter Emily Jenkins of Spring Lake Park, MN; brothers Joseph L. Jenkins and Paul Jenkins of Cable. Also surviving him are grandsons Jack Jensen, Owen Jenkins and Gavin Jenkins, as well as many nieces and nephews. All of whom he dearly loved.

A Celebration of Life will take place on Thursday, July 3rd at Noon at the Cable United Church of Christ, followed by fellowship at the Cable Recreation Park (12955 Cable Sunset Rd, Cable, WI 54821) from 1-3 pm. A private interment with Military Honors will be at Greenwood Cemetery in Cable, WI.

Memorials of Jim's life may be given to the Cable United Church of Christ, Tunnel to Towers Foundation, CARE of Cable, or to a charity of your choice. Cremation Services have been entrusted to Mountain Funeral Home of Ashland, WI.

OBITUARIES: Remembering Our Loved Ones

ROBERT DUANE MIX "BOB"

January 2, 1931 to May 20, 2025

Chaska, MN - It is with deep sorrow that we announce the passing of Robert "Bob" Mix, a beloved teacher, father, and celebrated choral conductor. Bob's extraordinary contributions to the world of music, his dedication to his students, and his unwavering commitment to his family leave behind a profound legacy that will continue to inspire generations to come.

Bob was born in Austin, Minnesota, and his love for music began early in life. After earning his B.A. degree from Luther College in Decorah, Iowa, and his M. Mus Ed. degree from the University of Montana, Bob dedicated himself to teaching and mentoring students. His educational journey was further enriched by additional graduate studies.

Bob's career spanned decades, with teaching roles at Lakefield, Glenwood, and finally for 28 years at Duluth East High School. As the director of the A'Cappella Choir, Bob led his students on five concert tours of Europe and numerous performances at prestigious conventions, including those hosted by the American Choral Directors Association and the Music Educators National Conference. Under his leadership, the choir achieved tremendous success, performing at choral festivals at colleges throughout Minnesota, Iowa, and Wisconsin. One of their most memorable moments was in 1976 when the choir was chosen to perform at the Ellipse of the White House as part of the Bicentennial Celebration. His choir also toured Mexico, Canada, and many other destinations throughout the U.S.

Beyond his work at Duluth East, Bob was a dedicated church choir director for 22 years at First Lutheran Church and served as a guest conductor for several festival choirs. His remarkable ability to inspire and bring out the best in his students was recognized through numerous accolades. Bob received the F. Melius Christiansen Lifetime Achievement Award in 2004, the Weston H. Noble Choral Award from Luther College in 2008, and was inducted into the Austin High School Music Hall of Fame in 2009. He was also honored with the inaugural Duluth East Hall of Fame induction in 2012.

In 2009, Bob celebrated the 50th Anniversary of the A'Cappella Choir with a memorable reunion and concert with hundreds of alumni attending, solidifying his place as an influential figure in the choral music community. His contributions were not only marked by accolades, but by the countless lives he touched through music, mentorship, and a deep passion for his craft.

He celebrated his 90th birthday in 2021 with the gift of a virtual choir performance called "Hallelujah Chorus for Bob Mix," featuring past students, family, and colleagues. It became a cherished tribute that he watched on YouTube often in the final years of his life.

Bob's love for teaching was matched only by his devotion to his family, particularly to his wife Lois. A proud father, he instilled in his children the same values of dedication, love for the arts, and hard work - particularly at the family cabin, which he and Lois built from the ground up. His legacy as a husband, father, mentor, and educator will be remembered with the utmost respect and affection.

He was preceded in death by his parents Winford and Eva Peterson Mix, brother David Mix, and son Jonathan Mix. He is survived by his beloved wife Lois of 68 years, son Gregg (Laura), daughter Gia (Kevin), grandchildren: Becca (Larry), Kelsey (Jack), Andrew (Carla), Emily, Claire, Lauren, John, and Tyler, and four great grandchildren: Roxanne, Sienna, Michael and Greta, sister-in-law Vivian, and many nieces and nephews. His family and his students who cherished him as a teacher, a friend, and a remarkable individual will miss him greatly.

A funeral service was held on June 21st at the Mount Calvary Lutheran Church in Excelsior, MN

SHARON "STORMY" JONES

March 7, 1937 to June 13, 2025 (age 88)

Sharon M. Jones, age 88, of Hayward, WI and formerly of Cable, WI passed away on Friday, June 13, 2025, at Hayward Health Services.

Sharon Mildred Winter, better known as Stormy, was born March 7, 1937, in Waupun, WI the daughter of Carl and Mildred (Newcomb) Winter. She was raised and did her schooling in Waupun. She graduated from high school and then attended college for a short time.

On December 15, 1957, Stormy was joined in marriage to Charles Westenberg in Watertown, WI. Stormy and Chuck moved to his family farm in Watertown where they raised their children. In 1983, Stormy and Chuck moved to Cable, WI where she worked as a cashier at Rondeau's True Value. Chuck passed away in 1996. Stormy was married to Charles Jones for a short time in the late 1990's. Throughout Stormy's life, she had a great love of singing and was a soloist at numerous weddings. She also enjoyed flower gardening, sketching, oil painting and watching wildlife. She adored her grandchildren and great grandchildren. She was a member of the Trinity Lutheran Church in Cable.

Stormy is survived by three children, Becky (Bryce) Cook of Parkers Prairie, MN, Cheryl (Jim) Rondeau of Cable, WI, Brad (Leanne) Westenberg of Watertown, WI; thirteen grandchildren; fourteen great grandchildren; one sister, Pat (Duane) Pieper of Helenville, WI; daughter-in-law Jeunetta; many nieces and nephews and three special friends, Earl, Anita and Alex.

She was preceded in death by her parents; first husband, Charles; one brother, Ronald Winter; one son, Joel Westenberg and one great granddaughter, Vayda Cook.

A memorial service celebrating Stormy's life will be held at 2:00 p.m. on Saturday, October 11, 2025, at Trinity Lutheran Church in Cable. A time of gathering will be held from 1:00 to 2:00 p.m. at the church on the day of the service. Interment will be in the Greenwood Cemetery in Cable.

To send flowers to the family or plant a tree in memory of Sharon "Stormy" Jones, please visit our floral store.

JEANETTE MARIE HENLEY

December 13, 1936 ~ May 27, 2025 (age 88)

On May 27, 2025, Jeanette Marie Henley peacefully rested in the arms of her Lord and Savior Jesus Christ. She was born on December 13, 1936, the second child and only daughter of Mary (Rybka) and Steve Widlacki, in Chicago, IL. She had 3 brothers: Steve, Jr., Robert, and William. All preceded her in death.

Jeanette married Bob Henley (deceased) in 1951 and together they had 3 daughters, Kathleen, Susan and Margaret (deceased). Jeanette worked at 3M Co. in Bedford Park, IL for 9 years. She was the first female sales rep for the Hardware Division in outside sales.

She worked for 17 years in banking as a personal banking for LaSalle Bank, to later become Bank of America. She retired in 2002 and moved to Barnes, WI. Bob and Jeanette owned the Hilltop Bar in Barnes, WI for a number of years. They retired to Hayward where they continued to enjoy fishing, road trips and the outdoors.

Jeanette loved to shop at thrift stores and was overjoyed when she found the "best deal ever." She was a passionate reader, watched game shows and the golf channel on TV. She could mostly be found on Facebook and loved to chat with everyone. However, her priority was her faith and she was an active member of St. Joseph's Catholic Church in Hayward.

Her legacy includes 2 daughters, Kathleen (Gary) Nojd and Susan Prickett (John). Grandchildren: Robert (Linda) Nojd, David (Chrissy) Nojd, Jenny (Jeremy [d]) Haden, Emily (Fred) Ryan, Michael (Liz) Hasenfang, Eric Hasenfang (Michelle), Katherine Prickett, Colleen Cooper (Scott), Nick (Sarah) Henley, Dan Henley, Brody (Hannah) Wood.

Great-grandchildren: Jacob, Cody, David, Donald, Elizabeth, Elena, Violet, Lily, Vincent, Olivia, Harrison, Norman, Tristan, Maddy [d], Ian, Niya, Hunter, Marlena, Raeannah and Nash. Jeanette had many nieces, nephews and cousins whom she deeply loved and cherished.

A funeral mass was held on Monday, June 30, 2025, at the St. Joseph Catholic Church in Hayward, WI

OBITUARIES: Remembering Loved Ones Lost

Marilyn Deanna (Small) Halvorsen, age 81, passed away peacefully at her daughter Heidi's residence in Bangor on Friday, June 27, 2025. At times her strong will & determination frustrated her daughters while "raising their mom" since she behaved like a rebellious teenager, but it was that tenacity that helped her battle severe heart failure.

About 2 weeks prior to her passing, Marilyn was able to visit her former lake home in Barnes, WI, where her daughter Kara & son-in-law Scott currently reside. Her daughter Heidi came along on the trip, packing up the vehicle with all of the necessary equipment to keep Marilyn comfortable, including her emotional support dog & constant companion, Max.

Before her visit, Marilyn shared that she hoped to sit on the deck, enjoy the lake view, and listen to the loons. She enjoyed reliving memories by sharing stories of her & Al's time living on the lake from the time they had the cabin to when they built and resided in the lake home -stories of boating/sailing on the lake, canoeing the nearby Brule River, bears on the deck & in the garage, listening to loons, trumpeter swans, whippoorwills, and other wild life experiences. She once claimed seeing a mountain lion/cougar streaking across the property, noting it was a large cat with a long tail, so it was not likely a bobcat.

Marilyn was preceded in death by her parents, LeRoy & Beulah (Ball) Small, her former husband Ronald I. Stone, her husband Alan S. Halvorsen, 6 of her siblings: Martha, Edna, Virginia, Robert (Bob), Jeanette & Judith (Judy), her half-brother LeRoy Jr, and her son by marriage Ronald (Reed) Stone.

Marilyn is survived by her daughters, Kara (Scott) Pelowski & Heidi Schiefelbein, son by marriage Mark Stone, daughters by marriage RavenWind & Evergreen Susan (Paul) Amundson, and grandchildren Adam & Nickolas Pelowski and Rayna Schiefelbein.

She was one of 9 children, survived by her younger sister Cheryl (James) Drangstveit and older brother Phillip Small.

Marilyn's family is forever grateful for the compassionate & loving care provided by the caregivers from Mayo Medical Hospice during her final stages of life, a time period of 6 months.

The family requests donations to the Northwoods Humane Society in Hayward, WI in lieu of flowers. For online donations, please follow this link: <https://northwoodshumanesociety.org/donations/>

A Celebration of Life luncheon will be held Saturday, August 9, 2025, at The Gathering Place, 133 Mason Street, Onalaska, WI 54650, from 1-3 pm. Her graveside committal at Halfway Creek Cemetery in Holmen where she will lay at rest with her husband Al, will be private for immediate family.

March 2025 Meeting

The Garden Club met on March 18 th for a combination business (there's almost always business) and craft meeting. 22 women gathered with all sorts of equipment and the meeting commenced.

The main business of the meeting was to make some plans and decisions for the club's participation in the Taste of Barnes festival June 14th.

The committee came up with some terrific ideas and have already been working on some of the attractions and giveaways. Members were also reminded of the two potting parties coming up in April. One will be at Nature's Design in Hayward on April 15th and the other will be at Wentworth Gardens on Highway 2 the following Tuesday, April 22nd .

To sign up for either or both parties, please contact Cindy Hollis or call the number on the Barnes website.

After the meeting and yummy treats provided by our hostesses, members began crafting. They used all sorts of natural things like driftwood and stones, and then they added beads and other ornaments.

Below you can see some of the things that people made. Our next meeting will be held during one of the potting parties, and we're all looking forward to them. Things are looking pretty brown outside! **Just sayin'!**

OUR COMMUNITY

Gordon-Barnes Garden Club

The garden club had a big and refreshing month in April. In the midst of this grim season euphemistically called spring in the North Country, there were blooming plants, warmth and an air of celebration!

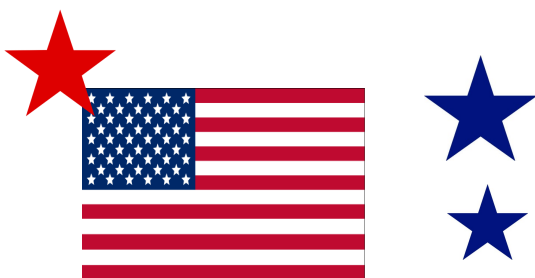

On April 15th (income tax day for other people) 12 women gathered at Nature's Design Nursery and Greenhouse for a potting party. Using our own containers, soil provided by the hosts, and plants available for purchase, we created pots of flowers that will be in full bloom at the end of May when we pick them up.

Meanwhile they will be warm and watered inside the green- house. After planting, everyone went out for lunch! See what I mean about a party?

The following week, April 22nd, we repeated the process up in Wentworth at the nursery and greenhouse there. There were 15 of us who turned out for that party, and of course, lunch followed. There were so many beautiful blossoms in each place that choosing was difficult. Several members bought extra plants for when they can plant outside.

Our May 13th meeting will find us touring three different greenhouses in the Iron River and Ashland areas, of course accompanied by lunch out! Feel free to come as a guest so that you can check us out.

We'll meet at Peterson's Greenhouse in Iron River between 9:00 and 9:30 AM.

Twenty-three excited women gathered at the Barnes Town Hall on June 17th for two reasons. The first reason was to hear Wendy Doyle, a master gardener and horticultural photographer speak about soils. This might sound like a pretty dry subject, but believe me, it wasn't. Wendy is one of those rare people who can combine amazing knowledge of a subject with stand-up comedy. She was great, and we learned so much!

Backtracking a bit, the garden club for the first time had a booth at the annual Taste of Barnes festival on June 14th. A very competent and creative committee decorated our booth, gave away painted rocks and raffled off potted plants and baskets. It was a real success.

Also, you might want to notice the beautiful hanging baskets on the front porch of Town Hall. They were donated by Nature's Design in Hayward, one of our favorite places to shop for plants and the venue for one of the club's annual April potting parties. We want to thank them for this generous and lovely gift.

As we move through the summer, our July meeting will be a little different experience. First of all, we're going to meet on Monday July 14th not our usual Tuesday, and we will visit Sarah Balbin's sculpture garden. As an extra treat, Sarah plans to give a demonstration of how she makes the sculptures.

If you want more information or want to join us, you can find us on the Town of Barnes website under the drop down, Organizations.

Aquatic Invasive Species Projects

Aquatic Invasive Species (AIS) Projects for 2024 are underway. The projects are planned and managed by volunteers on the AIS Committee, the Clean Boats Clean Waters (CBCW) Coordinator, BAISS and Diver Coordinators, and Social Media Coordinator.

The BAISS boat is the town-owned diver-assisted-suction-harvester (DASH) used on the Eau Claire Chain of Lakes to harvest plants known to be invasive species such as curly-leaf Pondweed and Eurasian watermilfoil.

The work for 2024 has been completed on the Headwaters of the Eau Claire Chain: Sweet, Shunenberg and Smith Lakes. There were 48 bags of curly-leaf Pondweed harvested through the efforts of certified divers and volunteer deckhands.

Upper Eau Claire Lake currently holds the “honor” of being the heaviest laden with invasive weeds such as curly-leaf Pondweed. It is critical to get these invasive weeds under control and/or eradicated as much as possible. New beds of CLP have been discovered this year. The BAISS pontoon boat is already stationed on Upper Eau Claire and will remain there until June 27th. Divers are working Monday to Thursday to harvest as much as possible.

Lower Eau Claire Lake has smaller beds of curly-leaf Pondweed but it is essential to keep it from spreading to the river leading to Gordon and beyond. The divers will begin harvesting here on July 1st.

Middle Eau Claire Lake harvesting will begin July 15th. Curly-leaf Pondweed beds are abundant in bays near the public boat ramp, with smaller beds found intermittently in the lake.

The divers cannot dive without at least one volunteer on the pontoon.
Could you please find time to donate at least one 4-hour shift this summer?

What does a BAISS pontoon volunteer do?

When divers harvest the weeds, they insert them into a vacuum tube that shoots the weeds back up into the pontoon.

Weeds land into a screened rectangle in which the volunteer simply scoops them out, tries to get water out of them, and then inserts them into a garbage bag hung next to the screen.

When a garbage bag gets full, the volunteer changes out the bag.

After returning to the dock the volunteer helps to carry the bags to the property owners' designated roadside spot for pick up by another volunteer.

To learn more about the Barnes Aquatic Invasive Species please visit the Town of Barnes website and click on Committees/Aquatic Invasive Species. <https://Townofbarneswi.gov>

Click on Committees/Aquatic Invasive Species/Volunteer to register as a Volunteer to be kept informed of AIS Projects and to find the BAISS Schedule for 2024.

MAKE SURE YOU HAVE YOUR PET'S MEDS AND SHOTS UP TO DATE !!

This year is no different than any other so please be sure your pet's shots are up to date, including Lymes, make sure their license is current and that the rabies tag is on their collar. Check the Town of Barnes leash and public area laws to keep your dog safe. If you're just moving to the area, your dog must be on a leash when walking or in public, and, you must have a local License tag. Visitors, please keep your tags up to date and your pet on a leash. You can get the license applications at the Town of Barnes office. Reminder: Kitties need their rabies, distemper, lymes shots and frontline/collars too! (even if they're inside kitties.) SERESTO IS A FANTASTIC PRODUCT FOR CATS AND DOGS .

PLEASE remember to walk with your dog on the ditch side of you. Walk against traffic and allow room for the passing cars. It's for their safety

Time to start planning for ice burned paws and weather that is too cold for them to stay outside. Also, even this time of year you should.....

NEVER

- Leave your dog unattended in direct sunlight or in a closed vehicle
- Leave your dog unattended in a hot/cold, parked car

ALWAYS

- make sure your dog has access to fresh cool water.
- All dogs should have proper identification at all times. (Tags: name, address, phone number, rabies shots, etc.)
- It's best to have your dog chipped—IT'S WORTH IT

RECYCLING MYTHS AND FACTS:

The most common items to be recycled are: Mail, paper, glass bottles & jars, aluminum, steel & tin cans, plastic bottles, jugs and tubs.

Myth: Any plastic can be recycled

Fact: Only plastic bottles, jars, jugs, tubs with a # 1,2,5 are recyclable. Plastic buckets / pails and lids are not

Myth: Plastic bags, electronics, medical waste, Styrofoam, plastic totes, lawn chairs, empty oil containers, Amazon/USPS shipping bags, pots and pans can be recycled.

Fact: NONE of these are to go into the recycle bins

Myth: Any item placed in the recycle bin will be recycled

Fact: This is "wish-cycling". Too much contamination will cause the bin to be emptied in the landfill and fines will be levied to the transfer station.

Myth: It is ok to place small amounts of food waste (garbage) in recycle bins

Fact: ALL ITEMS MUST BE CLEAN Nothing with food waste, grease, etc. is recyclable

Myth: Plates, bowls, cups, saucers, glassware are cyclable

Fact: They are not. This includes dirty paper plates/plastic ware and solo cups

ITEMS NOT ACCEPTED AT THE BARNES TRANSFER STATION: Paint, moto oil, gas, explosives, fireworks, ammunition, flammables, antifreeze, lubricants, corrosives, etc. Ask attendant if in doubt. Keep foods and liquids out of recycling. No loose plastic bags, bagged recyclables or Styrofoam.

BAYFIELD COUNTY

Bayfield County is recruiting for an additional Youth Services and Support Coordinator. We are interested in finding the right individual to work with families; please share this with anyone you think would make a quality case manager, as it could really help the search!

<https://www.governmentjobs.com/careers/bayfieldco/jobs/3580102/youth-support-and-services-coordinator>

The Children's Long-Term Support (CLTS) Waiver Program is a Home and Community-Based Service (HCBS) Waiver that provides Medicaid funding for children who have substantial limitations in their daily activities and need support to remain in their home or community.

Historically, there was a waiting list for CLTS. Wisconsin Department of Health Services (DHS) established the continuous enrollment initiative in 2021.

Continuous enrollment is a process that helps kids join the CLTS Program faster. This new initiative has allowed Bayfield County to serve many more children with disabilities. It has been a challenging time for the Support and Service Coordinator to keep pace with the number of children on the case load who need service coordination.

DEMENTIA CARE SPECIALISTS

The mission of the **Dementia Care Specialist** (DCS) Program is to support people with dementia and their caregivers in order to ensure the highest quality of life possible while living at home. The DCS can help people who have dementia or are concerned they may have symptoms, people caring for someone with dementia, and businesses interested in learning about dementia friendly communities.

If you would like to connect with your local Dementia Care Specialist, please contact us at: 1-866-663-3607 and our friendly staff will be happy to assist you.

WHAT IS DEMENTIA?

Memory changes or other changes in how our brain works can be scary. Understanding the difference between “Normal Aging” and “Not Normal Aging” is the first step in sorting out these changes. There are many reasons why these changes take place.

Dementia is not part of normal aging. It is a disease. There are other medical conditions that may mimic the signs and symptoms that we normally associate with dementia. It is our responsibility to make sure these other factors are addressed and being treated by a health care provider.

When a Workforce Shortage Crisis and a Caregiving Crisis Meet

“Wisconsin Working Caregivers: Strategies and Resources for Employers”

For more information, please visit [Wisconsin Family Caregiver Support Program \(wisconsincaregiver.org\)](http://wisconsincaregiver.org).

Madison, WI – The workforce shortage crisis being felt by businesses across Wisconsin includes a characteristic that is often overlooked: The need to support family caregivers in the workplace.

Employers experience a drain on productivity when employees struggle to balance their work lives with the responsibilities of caring for children, aging relatives, or disabled family members. In a recent survey, more than eight in ten employed caregivers in Wisconsin reported having their work life interrupted, resulting in workplace accommodations such as using flex time, reducing work hours, or quitting work entirely.

“Without adequate support, working caregivers and their employers suffer,” said Lynn Gall, Family Caregiver Support Programs Manager for the Wisconsin Department of Health Services and member of the survey project conducted by the Wisconsin Family and Caregiver Support Alliance (WFACSA). “The results showed us the challenges faced by working family members and friends and the businesses that employ them. Our goal at WFACSA is for every employer in Wisconsin to know about our state’s free Aging and Disability Resource Centers (ADRCs), family caregiver support programs, and other community organizations available to help support their employees.”

Conducted in partnership with UW-Madison Division of Extension, the [Wisconsin Working Caregivers Strategies and Resources for Employers](#) report published by WFACSA provides insight into challenges of recruiting and retaining employees in the current job climate. It also identifies opportunities for businesses to make positive changes simply by tapping resources already available in every Wisconsin community.

Numerous studies, including a [Harvard Business School](#) project called “Managing the Future of Work: The Caring Company,” note that employers can attract and retain more workers by helping staff balance work and family caregiving responsibilities. Employers may not realize that one in four working-age adults provides care or financial assistance to an older family member or loved one With a disability or long-term such as an adult child, spouse, or other loved one. This means that at least one quarter of potential hires and those currently working are balancing home and job responsibilities in addition to traditional child rearing.

“We learned that a few small changes can transform businesses into a place where employees will want to build a long career,” says Harriet Redman, Executive Director of WisconsinSibs and member of the WFACSA project. “That is why we are excited to share our survey results and open the conversation around the free and low-cost strategies and resources already available to support businesses.”

The survey also found that nearly 3/4 of respondents were not meeting their own personal needs, such as taking care of their own health, and 2/3 had difficulty balancing care for someone at home. Seventy-two percent said they were tired or worn out all the time, while 90 percent said their 2 emotional or physical health had worsened since taking on a caregiving role. (2-page synopsis of survey findings [here](#).)

Approximately 40 million Americans are providing care to an adult family member or friend, and nearly 60% of them (approximately 24 million adults) also work a paying job. Even more workers are providing care for a child with disabilities or special healthcare needs. Not only do employed caregivers experience high levels of stress, but their dual roles also impact their careers and employers.

The UW Division of Extension Employed Caregiver Survey is free and available to any employer interested in surveying their own workforce.

Fluorescent Lamp recycling

Wisconsin's **Focus on Energy** has sponsored a fluorescent lamp (curly type) recycling program. Residential bulbs can be recycled at the following participating local retailers:

Hayward - Ace Hardware and Co-op Hardware
Poplar - Poplar Hardware
Solon Springs - Solon Springs Mercantile

Some 5 million Compact Fluorescent Lamps are being sold in Wisconsin annually. While these bulbs save energy and reduce the emissions from power plants, they also contain mercury and should be recycled. According to the Mercury Product Flow Model developed for DNR, an estimated 263 kilograms (580 lbs) of mercury were released to the environment from fluorescents in 2000 -- and this was before the rapid increase in sales of compact fluorescents. The Council on Recycling has chosen mercury-containing products as one of its priorities for improving management, and, where possible, the elimination of the use of mercury.

Focus on Energy has set up a program to facilitate the take back and recycling of fluorescents at over 250 retailers throughout the state. Their web page has a locator for these businesses www.FocusOnEnergy.com. (Under 'Store Type', choose the listing for 'CFL Recycler'.)

WE STILL HAVE BUTTONS !!

"THERE IS A BARNES, WISCONSIN"

Back in the 70's, the Barnes Homemakers Club sold these buttons for fundraisers.

Tom Van Delist came across one of the buttons in his mothers belongings and decided it was time to bring them back.

The buttons were sold to help raise funds to support the new storage building for the Barnes ATV and Snowmobile clubs. Also, for the Barnes Notes and News.

The buttons are \$ 3.00 each or 4/\$10.00
We don't want the remaining buttons to sit....so let me know when you're ready to get some more!!!

Keeping promises to yourself is crucial for personal development and well-being. These self-commitments serve as the building blocks of self-trust, self-efficacy, and overall self-integrity. When you fulfill promises made to yourself, you send a powerful message to your subconscious that you are reliable and capable.

Over time, this self-reinforcing cycle can significantly elevate your confidence and resilience, leading to more purposeful actions and a more fulfilling life.

However, breaking self-promises can have a detrimental effect on your mental and emotional health. The pattern of not keeping commitments to oneself may lead to feelings of guilt, low self-esteem, and even self-doubt. Therefore, it is important to set realistic, achievable goals and strive to meet them diligently.

When setbacks occur, as they inevitably will, reevaluate and adjust your plans, rather than abandon them altogether. Recognizing the importance of self-commitment and working proactively to maintain it will not only benefit you but will also positively influence your relationships and professional endeavors.

CANNING YEAR ROUND

TIPS FOR SUCCESSFUL CANNING:

- Select fruits and vegetables when they are at the peak of their quality and flavor, washing them thoroughly before using.
- Follow the directions for each recipe exactly—don't substitute ingredients or change the processing times. Prepare only one receipt at a time; do not double recipes.
- Substitute a cake cooling rack if you don't have a rack specifically made for canning. Place in the canner before you add the canning jars.
- Use only white vinegar when pickling.
- Use a canning funnel, which has a wide opening and sits on the inside of the mouth of the jar, allowing you to fill the jars cleanly and easily. Wipe the threads and rim of each jar to remove any food that spills.
- Reuse screw bands if they are not warped or rusty. Jar lids are not reusable however, so use a new one for each of your canned creations.
- Accurately measure the head space—the distance between the top of the jar to the food/liquid inside. This is critical because it affects how well the jar seals and preserves its contents. A clear plastic ruler—kept solely for kitchen use, is a big help in determining the correct headspace.
- Refrigerate leftover product if there's a small amount left that won't completely fill another jar. Use it within several days.
- Use non-metallic utensils when removing air bubbles from the jar and measuring head space.
- Store home-canned foods in your cupboard for up to one year.

HOT JARS VS. HOT STERILIZED JARS:

Why do some canning receipts call for hot sterilized jars, while others call simply for hot jars?

If the mixture will be processed in the boiling-water canner for 10 plus minutes, jars just need to be hot.

If it's less than 10 minutes, jars need to be sterilized in boiling water for 10 minutes (or 1 minute more for each 1,000 feet of additional altitude.)

You may ask, why do the jars have to be hot before hand? The liquid/food you're putting in them is boiling hot, thus if the jars are hot (besides the obvious sterilization) you aren't putting hot product into cold jars and taking a chance of them breaking either when the product goes in the jars or when you put them in the water bath.

PAY ATTENTION TO THE PECTIN

Liquid and powdered pectin are made from the natural pectin in apples and citrus fruits. However, they are not interchangeable. Always use the specific type of pectin called for.

-Taste of Home Test Kitchen

BEFORE YOU START

Before you start canning, read recipe instructions and gather all equipment and ingredients. Inspect the glass canning jars carefully for any chips, cracks, uneven rims or sharp edges that may prevent sealing or cause breakage. Discard any imperfect jars. Do the same with lids and rings to make sure no dents or dings.

ROB'S CULINARY CHRONICLES

BEEF SHORT RIBS

By Rob Lynch

Beef short ribs are a cut of beef from the chuck, plate, rib, or brisket area of a cow, containing a short piece of rib bone encased in meat. Beef short ribs are known for their rich flavor and marbling, making them ideal for slow cooking methods like braising. They are also sometimes called braising ribs, crosscut ribs, or English short ribs.

Short ribs are known for their flavorful and succulent texture, particularly when slow-cooked. I prefer to use boneless short ribs, although some people enjoy the additional flavors provided by the bone.

Most butchers have a good selection of beef short ribs available for purchase. You may also find a limited selection at your local grocery store. If you are in the Northland, good quality boneless short ribs are usually available at SuperOne in Superior and bone-in ribs can be found at most Walmarts. Sam's Club also has bone-in short ribs; however, these are usually cut very thin and have poor results when braised and slow-cooked. Reserve these thin cuts for a quick, hot grilling. No matter where you purchase your short ribs, remember to look for good marbling. Plenty of fat will provide great flavor when slow cooked.

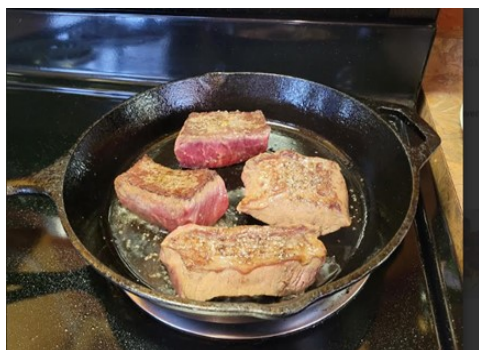

Braised boneless beef short ribs makes an ideal dinner when you want an easy, savory, set the Crock-Pot and forget kind of meal. This recipe produces a wonderful sauce and is best served over mashed potatoes, white rice or wide egg noodles. Enjoy!

Braised Boneless Beef Short Ribs

- 1 tbsp olive or avocado oil
- 2-4 lbs boneless beef short ribs
- 1 cup diced yellow onions
- 2 tbsp tomato paste
- 2 tbsp minced garlic
- 1 cup beef broth
- ½ cup red wine (dry, not sweet)
- 2 tbsp red wine vinegar
- Salt and pepper to taste

In a large skillet, heat oil on medium-high. Season the short ribs with salt and pepper. Lightly brown short ribs in the hot skillet 1-2 minutes on each side. Remove short ribs from skillet and set aside. In the slow-cooker combine garlic, onions, and tomato paste. Add short ribs, red wine, beef broth, and red wine vinegar. Cover and cook on low 6-8 hours. Plate beef short ribs

Rob Lynch got his start in the supper clubs of Barnes, Wisconsin in the 70's and 80's. His restaurant career spans 30 years in Wisconsin, Minnesota, North Dakota and Florida.

BEAUTIFUL CHARCUTERIE

How fun for a wedding, bridal shower, baby shower

The good old-fashioned "Meat & Cheese Tray"

"Charcuterie" originates from 15th-Century France, where it developed as a method for preserving and preparing meats, particularly pork.

The term "charcuterie" itself is French, derived from "chair" (flesh) and "cuit" (cooked), signifying the process of preparing cooked meats.

ROASTED ONIONS

Ingredients:

- Medium onions
- Olive Oil
- Preferred seasonings
- Dried Herbs
- Real Butter
- Grated Parmesan

Directions:

- Cut onions in ½
- Score half way down each half
- Put in muffin tin
- Baste with olive oil
- Season and top with butter
- Bake 20 minutes
- Flip and baste with juice from onion
- Add grated parmesan and dried herbs

OUR FAVORITE RECIPES

CHICKEN POT PIE MUFFINS

Ingredients:

- 1 cup cooked chicken, shredded
- 1 cup mixed vegetables (peas, carrots, corn)
- 1 can cream of chicken soup
- 1 cup biscuit mix
- 1/2 cup milk
- 1/2 teaspoon garlic powder
- 1/2 teaspoon onion powder
- Salt and pepper to taste
- 1/2 cup shredded cheddar cheese (optional)

Directions:

- Preheat your oven to 375°F (190°C) and grease up a muffin tin.
- In a mixing bowl, throw together the shredded chicken, mixed veggies, and cream of chicken soup until well blended.
- In another bowl, whisk together the biscuit mix, milk, garlic powder, onion powder, salt, and pepper until everything is nicely combined.
- Gently fold the chicken mixture into the biscuit mix. You want it just mixed—no overdoing it!
- Spoon the mixture into the muffin tin, filling each cup around 3/4 of the way full. If you're a cheese lover, sprinkle some cheddar cheese on top for extra goodness.
- Bake in the oven for 18-20 minutes, or until they turn a lovely golden brown color.
- Let them cool slightly before diving in!

DESSERTS & TREATS

ÉCLAIRE DESSERT:

For the Cupcakes:

1 box yellow cake mix (or your favorite vanilla cupcake recipe)
Ingredients as per box instructions (eggs, oil, water)

For the Vanilla Filling:

1 package (3.4 oz) instant vanilla pudding mix
1 1/2 cups cold milk

For the Ganache Topping:

1 cup semi-sweet chocolate chips
1/2 cup heavy cream

1. Bake the Cupcakes

Start by preheating your oven to the temperature specified on the cake mix box. Line a cupcake tin with paper liners. This step ensures your cupcakes come out easily after baking.

Prepare the cake mix according to the package instructions, adding the necessary eggs, oil, and water. If you're using your favorite homemade vanilla cupcake recipe instead, that works perfectly too! Once mixed, carefully fill each cupcake liner about 2/3 full with batter. This allows enough space for the cupcakes to rise and bake evenly.

Bake the cupcakes according to the package directions or until a toothpick inserted into the center comes out clean. Allow the cupcakes to cool completely on a wire rack before moving on to the next step.

2. Prepare the Vanilla Pudding Filling

While your cupcakes are cooling, it's time to make the rich vanilla pudding filling. In a medium-sized bowl, whisk together the instant vanilla pudding mix and cold milk until smooth. Allow the mixture to sit for about 5 minutes so it thickens up and takes on a pudding-like consistency. You'll want it thick enough to fill the cupcakes without running out.

Once the filling is thickened, set it aside while you prepare the cupcakes for their delicious surprise filling.

3. Fill the Cupcakes

Once the cupcakes have cooled completely, use a small knife or cupcake corer to cut a hole in the center of each cupcake. Be sure not to cut all the way through—about an inch deep will do the trick. This creates a small pocket for the creamy vanilla pudding to go.

Spoon or pipe the prepared vanilla pudding into each cupcake. You want to fill them generously, but not so much that the pudding spills over the top. The pudding filling is the star of these cupcakes, so don't be afraid to make them nice and full!

4. Make the Chocolate Ganache Topping

Now comes the fun part—the glossy chocolate ganache! To make the ganache, start by heating the heavy cream in a small saucepan over medium heat. Bring the cream to a simmer, but don't let it boil. Once it's simmering, remove it from the heat and pour it over the chocolate chips in a heatproof bowl.

Let the hot cream sit for about 2 minutes to soften the chocolate chips. After 2 minutes, stir the mixture until smooth and glossy. The ganache should be thick but still pourable—if it's too thick, you can let it sit for a few minutes to cool slightly or add a touch more cream.

5. Top the Cupcakes

Now, it's time to finish off these cupcakes with their decadent chocolate topping. Spoon the ganache over each filled cupcake, allowing it to drizzle gently down the sides. The ganache will set as it cools, creating that signature shiny, smooth finish.

Once all cupcakes are topped, let them sit at room temperature for 10–15 minutes for the ganache to firm up slightly before serving.

AMERICAN FLAG PIE

Online Recipes

Ingredients:

- Homemade or store bought pie crust (2)
- 1/2 cup (100g) **granulated sugar**
- 1/3 cup (35g) **cornstarch**
- 1 cup (140g) **blueberries**
- 1 cup (100g) **blackberries**
- 2 cups (300g) chopped **strawberries**
- 2 cups (450g) halved **dark sweet cherries**
- 2 teaspoons **lemon juice**, divided
- 1/2 teaspoon **almond extract**, divided
- **egg wash**: 1 large egg beaten with 1 Tablespoon (15ml) milk
- **optional**: coarse sugar for sprinkling on crust

Directions:

- **The crust:** Prepare my **pie crust** recipe through step 5.
- **Make the filling:** In a small bowl, stir the granulated sugar and cornstarch together. In a medium bowl, combine the blueberries and blackberries together. In a large bowl, combine the strawberries and cherries together. Stir 1/4 cup of cornstarch mixture into blueberries/blackberries. Stir remaining cornstarch mixture into strawberries/cherries. Add 1 teaspoon of lemon juice and 1/4 teaspoon of almond extract to each fruit mixture. Place in the refrigerator for a few moments as you roll out the crust.
- Preheat oven to 400°F
- **Roll out the chilled pie dough:** On a floured work surface, roll out one of the discs of chilled dough (keep the other one in the refrigerator). Turn the dough about a quarter turn after every few rolls until you have a circle 12 inches in diameter. Carefully place the dough into a **9-inch pie dish**. Tuck it in with your fingers, making sure it is smooth. Fold the aluminum foil several times to form a 2-inch wide strip. Place into crust, dividing it into 1/3 and 2/3 sections as pictured above.
- Spoon strawberry filling into large section, leaving any excess liquid in the bowl (you don't want that in the filling—discard it). Spoon blueberry filling into smaller section. Again, discarding the excess liquid. Place the pie in the refrigerator until top design is ready.
- **Design the flag:** Remove the other disc of chilled pie dough from the refrigerator. Roll the dough into a circle that is 12 inches diameter. Using a sharp knife, pastry wheel, or pizza cutter, cut 4 strips that are 2 inches wide and 6 inches long. Using your star cookie cutter, cut 12-14 stars. Re-roll any dough scraps if needed. Remove the pie from the refrigerator, remove aluminum foil strip, and add top decor to pie. Stars over the blueberries; strips over the strawberries to form an American flag design. Use a small knife to trim off excess dough on the sides. Crimp the edges with a fork or flute the edges. (*Review my **how to crimp and flute pie crust** tutorial if you need extra help with this step.*)
- Lightly brush the pie crust with the egg wash mixture. Sprinkle with coarse sugar, if desired.
- Place the pie onto a large baking sheet and bake for 20 minutes. Keeping the pie in the oven, turn the temperature down to 350°F (177°C) and bake for an additional 30-35 minutes. After the first 20 minutes of bake time, I place a pie crust shield on top of the pie to prevent the edges from browning too quickly.
- Allow the pie to cool for 3 full hours at room temperature before serving. This time allows the filling to thicken up. Cover leftovers tightly and store in the refrigerator for up to 5 days.
