

Monday September 12, 2016
6:30 PM at the Barnes Town Office
AGENDA with Minutes

1. Roll call and verification of public notice

Committee Chairman, Lee Wiesner called the meeting to order at 6:35 PM. Roll call was taken and verification of public notice was made.

Present at the meeting: Lee Wiesner, Sally Pease, Ingemar Ekstrom, Dave Pease, Chris Webb, Barb Romsted, Jim Krook and Susan Jansen. Andy Teal also present.

Motion made and seconded to Approve the Agenda

2. Approve the minutes of the previous meeting

Motion made to approve minutes, seconded and approved

3. Communication

Ingemar met with Potawatomi property owners to request volunteers at the landing to meet the 200 hour requirement for the year, reminding owners of milfoil in nearby lake. His message was well received and further contacts will be explored. Discussed possibility of having monitors on George and Tomahawk lakes. Andy explained that on Lake Superior, the landings are not designated and perhaps this could be done in future grant, landings from several lakes could be included for monitoring without specifying a particular lake

Lee said Tom Krob wanted to know when the Bottom Line(editor Devona Meske) could come out to do an interview on the BAISS boat. BAISS boat demonstration Saturday, Sept17, 2:00 pm at Tomahawk Lake landing

Barnes Christian Men(BCM) hold 2 fund raisers during the year, and considered community projects to support. BCM gave the Town of Barnes \$750 to pay for a diver on the BAISS boat

4. AIS Budget/Grant Balances - Chris

23,000 came in as revenue this year, but \$15,000 was for 2015

questions concerning donations and where they need to be listed within the grant Barb & Chris will work together to sort out revenues before the end of the grant and in time for Oct meeting. Enough funds remain to monitor landings for the musky tournament, hours 6am-6pm Sept 30, Oct 1, 2

5. Clean Boats Clean Waters Grant hours - Barb

Barb presented a summary of paid and volunteer hours - summary attached.

6. Shoreline Monitor Hours (letters, postcards, drawing) - Barb, Ingemar

Barb & Ingemar sent out 65 letters, 7 returned as of last week

7. Progress on BAISS boat - Gus not present but Lee reported

concern about big clumps of root balls making it through the 4" hose

8. Divers for BAISS boat 2017 season

one diver, a student at UW-Superior, has expressed interest and several volunteer divers have also expressed interest. Next meeting – discuss contacting and securing divers for the BAISS boat

9. Clean Boats Clean Waters Update- Sally

need to advertise for new alternate for boat landing monitor for next year, Sally will check permanent landing monitors to see if they will return next year. Monitors need retraining every 2 years, and Andy will do another training session for current monitors and new volunteers sometime in April or combine training session with volunteer appreciation luncheon on May 5

10. Scheduling of CBCW Volunteers (Google Calendar for 2017 season) – Sally, Chris

ongoing

11. Matt Berg Survey Results (Tomahawk, Sandbar, George) – Ingemar, Gus

Ingemar reported that he and Matt Berg spent 7 hours surveying the three lakes. Findings: on Tomahawk in the shallower bay (east side) and found milfoil, the patches have grown larger, taller. Surveyed the perimeter, of Sandbar Lake and found milfoil all around the lake, larger patches in some areas. George Lake, concentrating on south end of lake, no milfoil found. Mapping on the three lakes will be coming from Matt Berg, along with his bill.

12. Grant Application for Tomahawk and Sandbar Lake

Committee agreed to apply for the established population control grant, with town board approval. Who will be working on this plan to be determined, needing someone to write the grant. Guidance needed from Pam & Andy to write the grant. Ingemar asked Andy to get the paper work for Established Population Control Grant so a subcommittee can meet to complete the application – try to have for Oct meeting. Chris suggested Tammy sit in on grant writing so she becomes familiar. Lee will send out an email to Andy, Ingemar, Pamela, to set a date to start work on the grant

13. Bayfield County AIS Coordinator Report - Andy Teal

bridge snapshot within the Barnes area, no invasives found

Andy and Sally joined with John Kudlas (FOECLA) for LEEP instruction in Drummond 7th grade class

Invasive Species ID day at the Lake Superior Visitor Center in Ashland – Wednesday, Sept 14, 1-4

another ID day Oct 12, perhaps featuring Drummond 7th grades participating in the FOECLA LEEP program

Lake Namekagon surveyed, points identified, hybrid milfoil found but hasn't spread very far, curly leaf pond weed found in the Iron River below the dam

14. Other Business

15. Adjourn

Motion made and seconded to adjourn at 8:10
next meeting Oct 10, 2016, 6:30
