Discuss membership and take appropriate action.	<p>Susan Pagnucci sent an email resigning from the P&R committee. They sold their home in Barnes and are staying in NC. Marc made a motion to accept Susans resignation and Terri seconded. Motion was carried. Susan brought a great deal of energy and creativity to the committee, she will be missed.</p> <p>Marcia made a motion to recommend Terry Kolberg currently an alternate be made a member of the committee. A Motion was made by Marcia and seconded by Marc to make Terry Kolberg a member of the P&R Committee. Motion passed.</p> <p>A discussion about the importance of the alternate position culminated in the committee agreeing to do some recruiting. Currently there are no alternates</p>
Discuss part one of the Two year Plan ; Town Hall Park	<p>Discussed the format of the 2 year plan and decided pictures next to the written description were important and the information is descriptive.</p>
Discuss work morning at Tomahawk Park	<p>An email will be sent out to anyone interested in working on TLP when a work day is being planned. Pat Johnston will send out the emails with dates and times..</p> <p>It was recommended by Marc that we use the Friends of Tomahawk Lake facebook page to let people know about this activity as well as other activities.</p>

**Physical review of
Tomahawk Park for
Two year plan.**

Adjourn meeting

Equipment: We need of a larger groomer for the wider ski trails as well as a heavier roller. Donation tubes need to be order, one at TLP trail center, one at the trail entrance and one on Barnes Road. The trail center is equipped with Wi-fi with unsecured guest access.

Snow Mobile: Maintenance is an annual expense, as is gas. Gas Codes for groomers are needed.

Docks: Currently we have three docks that need to be maintained, put in and taken out of the water as well as cleaned and repaired.

Kiosk: A kiosk is needed to hold a variety of park information. This should be place by the trail center/warming house.

Storage Garage: Look into moving the existing Town Hall storage garage to TLP to hold both snow equipment but garden equipment.

Sledding Hill: The committee looked at multiple areas where a sledding hill could be added to the park. More research needs to be done as well as checking with the DNR.

The Beach: With record high water the beach area needs some work to make it an inviting place for people to safely use as well as protecting the environment.

The Out House: The outhouse building is in reasonable condition however it need a new roof.

The Pavilion: The roof need to be cleaned and the soffit need to be repaired.

A motion was made by Marc and second by Marcia to adjourn the July P&R meeting. Motion was carried.
