

MINUTES OF THE TOWN OF BARNES ROADS AND RIGHT OF WAY COMMITTEE

September 12, 2023

Members present were Dave Schiess, Jim Frint, Jeff Jordheim, Greg Martin, Chris Lane, Mark Holm

Also present: Zech Gotham, project engineer, Morgan and Parmley

Meeting called to order at 6:30pm, quorum established by roll call

Meeting was convened, as planned, at the bridge on Lake Road between Birch Lake and Upper Eau Claire Lake. Purpose was to gain firsthand knowledge of bridge and surrounding site in advance of work to be done as part of future repairs to Lake Road from bridge to Hwy 27.

Parking area of 11 ft will be retained.

There will be *no change to channel bed*. Important in gaining DNR approval. Response from DNR liaison at this stage has been favorable.

Bridge will have expected lifespan of 40 years.

Additional discussion ensued regarding proposed curb and drainage work at intersection of Lake Road, Birch Lake Road, and Outlet Bay Road.

Motion to adjourn (Schiess/Lane) passed unanimously. Meeting adjourned 7:41pm.

Respectfully submitted, Mark Holm, recorder.

Next meeting Tuesday, October 3, 2023, location to be determined

Morgan and Parmley has proposed that the current concrete box culvert be completely removed and replaced by an aluminum box culvert. New box culvert will have an inside height of 5' 11" at center and will be installed on existing foundation. It is the engineers' goal to gain about two feet of length at each end of the culvert. Road grade will be 3.4 ft higher than current level. Driving surface will be wider.
