### **3 year road management plan**

Eric documented status of all paved roads using WISLR system, which includes recently update PASER ratings. This data largely represents our 3 year plan. Refer to 9/9/2019 RROW committee minutes for roads to be prioritized and projected costs:

Denver Road	\$181,124
East Robinson Lake Road	\$260,816
Ellison Lake/Moore Road intersection	\$178,130

### **Maintenance and costs of 3 year plan**

Committee agrees that the formal 3 year plan for 2020-2023 should prioritize appropriate repairs/maintenance to Denver Road, East Robinson Lake Road, and Ellison Lake/Moore Road intersection, as itemized above, with emphasis on maintenance as opposed to reconstruction on other roads.
