

## **MINUTES OF THE TOWN OF BARNES ROADS AND RIGHT OF WAY COMMITTEE**

September 6, 2018

Present were Jim Frint, Mark Holm, Don Dealing

Meeting called to order at 9:18AM

Motion to approve minutes of August 13<sup>th</sup>, passed with the following correction:

*Due to urgency of Pease Rd repairs and the availability of a repair plan proposed by Chuck Jerome, combined with Jerome's prior work and knowledge of the site, Roads and Right of Way Committee recommends to the Town Board that Chuck Jerome be contracted to complete repairs on Pease Rd.*

### **Traffic counts**

Traffic counts from Tom Emerson, for March – August, were thoroughly reviewed. No conclusions nor recommendations at this time. Costs for future repairs will be reviewed for further action.

### **Denver Road**

Jim reported on various alternatives beyond chip sealing. Culverts can be repaired this year but larger repairs will be considered for next year. Observation was made that traffic on Denver Road is not from Barnes residents. Jim will research costs for chip sealing and milling. Will be included in site visit next meeting.

### **Intersection of George Lake and Gronemus**

This intersection needs only tree removal to improve sight lines.

Several locations around the township were identified for site visits and these will be conducted during the October 8<sup>th</sup> meeting.

Motion to adjourn, Dealing/Frint, passed unanimously. Meeting adjourned 10:17AM.

### **NEXT MEETING OCTOBER 8<sup>TH</sup>, 9:00AM**

Respectfully submitted, Mark Holm, recorder
